participants: Brokerage Firms

Dear General Manager

BISTECH Margin Risk Parameters used in the margin evaluations within the scope of the central counterparty service provided at Borsa Istanbul Futures and Options Market are updated upon observed developments in the market conditions.

BISTECH Margin Risk Parameters, attached, are to be used in risk calculation batches starting from beginning of Tuesday, October 31, 2017.

As a result of the updated parameters, possible changes in margin liabilities could be monitored through member screens after the completion of end of day operations on October 31, 2017 and necessary checks on the collateral obligations by our members are required.

The new parameter file will be published at Takasbank website starting from October 31, 2017.

We kindly request to be informed,

Sincerely Yours,

TAKASBANK İSTANBUL TAKAS VE SAKLAMA BANKASI A.Ş.

GÖKHAN ELİBOL ASSISTANT GENERAL MANAGER MAHMUT KAYACIK CEO
