Dear CEO,

Our efforts to develop TEFAS Fund Information Platform (www.tefas.gov.tr), which was founded by our bank and has been contributing to financial literacy, transparency on the fund market and allowing investors to cost-free access to asset allocations, prices and returns of the pension and mutual funds from single-point, continues within the scope of both suggestions from our members and investors and in compliance with the technological developments.

Within this scope, The TEFAS mobile application for the platform has been put into service for our members and investors as of 03.09.2018. The app can be accessed via the "App Store" and "Google Play".

It is thought that it will be useful to include information about our mobile application, which will contribute to the development of the sector, on your website.

Sincerely yours,

TAKASBANK
